Dear Abdellatif,

You are certainly welcome to return to CODEAST/Tunis to meet the three teachers who have contacted you about possible short-term ELT work with the Algerian ELT teachers of CELT/Annaba.

As you know, we are happy to encourage this type of experience; however, the decision to go will be strictly between you and the individual teacher. As you know, all our EL teachers are Independent Contractors, and not AMIDEAST employees. You also know that we would expect the teacher(s) who consider assisting you in Annaba would do so at times that do not conflict with more than one of our 40 hour ELT sessions here.

I will ask our Teacher Coordinator, Lorna Mgaieth, to contact the three teachers about your possible coming to interview them. Let me know when you fix a definite date.

Best wishes, LEE
